**To: The Shareholders of ANIMA Flexible Bond**

**Date:** 20 May 2022

**Proposed Merger of the Merging Sub-Fund into the Receiving Sub-Fund**

Dear Shareholder,

We are writing to advise you of a proposal to merge the Merging Sub-Fund into the Receiving Sub-Fund (the "**Merger**"). The Merging Sub-Fund and the Receiving Sub-Fund are sub-funds of ANIMA Funds plc (the "**Company**").

The Company is an open-ended umbrella investment company with variable capital and segregated liability between sub-funds incorporated with limited liability in Ireland under the Companies Act 2014 with registration number 308009 and established as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. Number 352 of 2011), as amended (the "**UCITS Regulations**").

The Company has appointed ANIMA SGR S.p.A as management company of the Company (the "**Manager of the Company**"). The Manager of the Company is regulated as a funds management company by Bank of Italy.

Details of the procedure by which the Merger of the Merging Sub-Fund will be effected, the action you should take and the implications for you as a shareholder of the Merging Sub-Fund (a "**Shareholder**", collectively the "**Shareholders**"), are set out in this Circular and the Appendices attached hereto.

**I. The Proposal**

It is proposed that the Merging Sub-Fund be merged into the Receiving Sub-Fund in accordance with Irish Laws which implement the Directive 2009/65/EC of the European Parliament and of the Council, as amended (the "**UCITS Directive**") and Commission Directive 2010/42/EU.

Such Merger will result in the Assets and Liabilities (as defined in **Appendix A**) of the Merging Sub-Fund becoming the property of the Receiving Sub-Fund in exchange for the issue of shares in the Receiving Sub-Fund to the Shareholders.

Details of the Merger in respect of the Merging Sub-Fund are set out in **Appendix A**.

A table highlighting the key differences between the terms and procedures of the Merging Sub-Fund and the Receiving Sub-Fund as well as the differences between the fees charged to the Shareholders and shareholders of the Receiving Sub-Fund is included at **Appendix B**.

An extraordinary general meeting of the Merging Sub-Fund has been convened for 10:00 (Irish time) on 13 June 2022 for the purpose of considering and voting on the Merger of the Merging Sub-Fund (the “**Extraordinary General Meeting**”).

A notice of the Extraordinary General Meeting, at which the necessary resolution will be put to Shareholders, and a form of proxy are attached at **Appendix C**.

## **II. Background and Rationale**

The Directors of the Company, in conjunction with the Manager of the Company, have initiated the Merger proposal. The objective of the Merger is to streamline the Company’s range of flexible bond strategies on offer, thus resulting solely in the offering of the Receiving Sub-Fund, which will have the same synthetic risk and reward indicator as the Merging Sub-Fund (ie. 4) and lower investment management fees.

None of the costs of the Merger will be borne by the Merging Sub-Fund or the Receiving Sub-Fund in accordance with Regulation 64 of the Irish UCITS Regulations. Please refer to Section 8 entitled “Costs, Charges and Liabilities” of Appendix A to this Circular for further information.

Given the above, the Directors of the Company (the “**Directors**”) are recommending to Shareholders that they vote in favour of the Merger at the Extraordinary General Meeting.

## **III. Important Considerations – Impact of the Merger on Shareholders**

You should be aware of a number of important issues:

- (i) The Merging Sub-Fund is registered for public sale in the same jurisdictions as the Receiving Sub-Fund.
- (ii) If the Merger is approved, Shareholders of each launched and existing share class of the Merging Sub-Fund will receive shares of the Receiving Sub-Fund as follows:

<b>MERGING SUB-FUND</b>		<b>RECEIVING SUB-FUND</b>
Silver Class ISIN: IE00BG47J452	will merge into	Class R ISIN: IE00BNXH7H43
Prestige Class ISIN: IE00BG47J569	will merge into	Class R ISIN: IE00BNXH7H43
Class I ISIN: IE00BG47J346	will merge into	Class I ISIN: IE00BNXH7J66

- (iii) The risk measurement methodology used to calculate global exposure in the Receiving Sub-Fund will be the commitment approach, which is the same methodology used by the Merging Sub-Fund.
- (iv) A full comparison of the fees applicable to the relevant share classes in the Merging Sub-Fund and the relevant share classes in the Receiving Sub-Fund is set out in Appendix B of this Circular.
- (v) The investment objective and policies of the Merging Sub-Fund and the Receiving Sub-Fund are set out in full in Appendix B. The investment objective and investment policies are sufficiently similar such that the Investment Manager of the Merging Sub-Fund does not consider it necessary to materially rebalance or change the composition of the Merging Sub-Fund's portfolio of assets to conform to the Receiving Sub-Fund's investment policies.
- (vi) The Merger is not expected to impact the performance experienced by Shareholders, rather it is anticipated that the Merger will have a positive effect for the reasons outlined above. The Receiving Sub-Fund will ultimately be managed by the same portfolio management team as that of the Merging Sub-Fund.
- (vii) Any income accrued on securities as at the Effective Time (as defined below in section VII) will be reflected in the valuation of the relevant security as at the Effective Time and will transfer automatically to the Receiving Sub-Fund as part of the transfer of the relevant security, to be held by State Street Custodial Services (Ireland) Limited, the depository of the Company (the "Depository"), on behalf of the Receiving Sub-Fund.
- (viii) As at the date of this Circular, the share classes of the Merging Sub-Fund involved in the Merger and the share classes of the Receiving Sub-Fund involved in the Merger have the same synthetic risk and reward indicator of 4.
- (ix) The risks of the Merging Sub-Fund and the Receiving Sub-Fund, as set out in their Key Investor Information Documents, are described in Appendix B of this Circular.
- (x) The voting rights of the Shareholders of the Merging Sub-Fund and Receiving Sub-Fund are similar in all material respects. You should review the constitutional document of the Company for further details in respect of your voting rights.

**As set out above, a table highlighting the key differences between the terms and procedures of the Merging Sub-Fund and the Receiving Sub-Fund (including the difference in rights of Shareholders of the Merging Sub-Fund and Shareholders of the Receiving Sub-Fund) is included in Appendix B of this Circular, and a table highlighting the differences between the fees charged to the Shareholders and Shareholders of the Receiving Sub-Fund is included in Appendix B.**

#### **IV. Conditions applying to the Merger**

The Merger is conditional upon its approval by way of a Special Resolution of the Shareholders, which requires that the resolution be passed by a majority of Shareholders consisting of seventy five per cent (75%) or more of the total number of votes cast present in person or by proxy, who cast votes at the Extraordinary General Meeting.

#### **V. Taxation Implications of the Merger**

*You should be aware that the Merger may constitute a taxable event for you depending on your jurisdiction, and that your tax treatment may be changed following the implementation of the Merger, potentially resulting in, for example, the payment of capital gains tax. Accordingly, you are advised to consult your professional advisors as to the tax implications of the Merger under the laws of the countries of your nationality, residence, domicile or incorporation.*

#### **VI. Right of Redemption**

If you decide that you do not wish to invest in the Receiving Sub-Fund, irrespective of whether or not you voted for or against the Merger, prior to the Merger you will have the opportunity to redeem your shares in the Merging Sub-Fund at no extra cost (other than payment of normal local taxation (if any) and transaction charges as may be levied by the relevant Correspondent Bank) on any Dealing Day for the Merging Sub-Fund (as defined in **Appendix B**) up to and including the last Dealing Day for the Merging Sub-Fund, being 20 June 2022 (the "**Last Dealing Day**"). For each Dealing Day (including the Last Dealing Day), the Dealing Deadline is 13:00 (Irish time) on the Business Day preceding the relevant Dealing Day.

If the Merger is approved in respect of the Merging Sub-Fund, all Shareholders (including those Shareholders who voted against the proposal or who did not vote at all) who do not exercise their redemption rights set out herein, shall become shareholders of the Receiving Sub-Fund and shall be able to exercise their rights as shareholders of the Receiving Sub-Fund with effect from 28 June 2022.

#### **VII. Effective Time/Date of the Merger**

The effective time of the Merger is 23:59PM (Irish time) on 27 June 2022 or such later time and date as the Directors and the Depositary shall agree as being the effective time of the Merger and as shall be notified to Shareholders (the "**Effective Time**").

Shareholders may continue to deal in shares in the Merging Sub-Fund until and including the Last Dealing Day.

#### **VIII. Documents for Inspection and Additional Information Available**

#### **IX. Review by the Depositaries of the Merger Proposal**

The Depositary has confirmed, in accordance with the requirements of Regulation 59 of the UCITS Regulations, that it has verified the type of merger and the UCITS involved, the Effective Time and that the rules applicable, respectively, to the transfer of the assets and the exchange of shares as set out herein are in accordance with the UCITS Regulations and the constitutional document of the Company.

#### **X. Verification**

Shareholders should note that as part of the implementation of the Merger, State Street Fund Services (Ireland) Limited (the "Administrator") (as administrator on behalf of the Merging Sub-Fund and the Receiving Sub-Fund) has details of the Shareholders and all documentation received from or in relation to each Shareholder. This includes, without limitation, anti-money laundering documentation.

Notwithstanding this, Shareholders may be required to verify their identity in accordance with applicable anti-money laundering requirements for the purpose of receiving shares in the Receiving Sub-Fund.

In order to consider the proposals set out in this document, you are advised first to read all the enclosed documentation. If you have any questions you should contact your professional adviser.

In **Appendix C** to this Circular, you will find a notice convening the Extraordinary General Meeting on 13 June 2022, at which a Special Resolution on the Merger will be put to the Shareholders' vote.

**APPENDIX A  
MERGER  
OF THE MERGING SUB-FUND**

**1. Governing Law**

The Merger will in all respects be governed exclusively by and construed in accordance with the laws of Ireland.

**2. Transfer of Assets and Liabilities of the Merging Sub-Fund (the “Assets and the “Liabilities”)**

2.1 The proposed Merger will involve the delivery and/or transfer of the Assets and Liabilities, equal to the net asset value of the Merging Sub-Fund to the Depositary in its capacity as depositary of the Receiving Sub-Fund in exchange for the issue of shares in the Receiving Sub-Fund to Shareholders in the Merging Sub-Fund on the Effective Time.

2.2 Any income of the Merging Sub-Fund accrued but not yet paid out by the Merging Sub-Fund as at the Effective Time will form part of the Assets transferred to the Depositary in its capacity as depositary of the Receiving Sub-Fund and will be treated as income of the Receiving Sub-Fund.

2.3 Any taxes and duties directly related to the Merger, including transfer taxes and stamp duty, payable on the transfer of the Assets and/or Liabilities, as a result of the implementation of the Merger, will be paid by the Manager of the Company.

**3. Last Dealing Day for Shares in the Merging Sub-Fund**

In order to allow the Administrator to accurately calculate the value of the Assets of the Merging Sub-Fund to be transferred into the Receiving Sub-Fund at the Effective Time, the Directors have determined that the 5 Business Days immediately prior to the Effective Time will not be Dealing Days (as defined in the Company's prospectus) in respect of the Merging Sub-Fund and that no dealing in the shares of the Merging Sub-Fund will take place on those days. Accordingly, the last Dealing Day for shares in the Merging Sub-Fund shall be 20 June 2022.

**4. Issue of Shares and Dealings in the Receiving Sub-Fund**

4.1 At the Effective Time, Shareholders holding Silver Class shares and/or fractions of Silver Class shares will receive Class R shares of the Receiving Sub-Fund, Shareholders holding Class I shares and/or fractions of Class I shares will receive Class I shares of the Receiving Sub-Fund and Shareholders holding Prestige Class shares and/or fractions of Prestige Class shares will receive Class R shares of the Receiving Sub-Fund. Subject to and in accordance

with Clause 4.2 below, Shareholders will receive Shares in the Receiving Sub-Fund equal in value to their shares in the Merging Sub-Fund immediately prior to the Effective Time.

- 4.2 The number of shares in the Receiving Sub-Fund to be issued to Shareholders in the Merging Sub-Fund shall be determined by the Administrator in accordance with the following formula:

$$S = \frac{(R \times NAV \times ER) \times (1-T)}{SP}$$

where:

- S = the number of shares in the Receiving Sub-Fund that will be issued;
- R = the number of shares held by the Shareholder in the Merging Sub-Fund immediately prior to the Effective Time;
- NAV= the last net asset value per share of the relevant class in the Merging Sub-Fund as at the Valuation Point on the relevant Dealing Day prior to the Effective Time;
- ER= the currency conversion factor (if any) as determined by the Administrator;
- SP= the net asset value per share (or initial offer price, as applicable) of the relevant share class in the Receiving Sub-Fund, on the relevant dealing day;
- T = any taxation which may be payable by persons beneficially entitled to shares in any jurisdiction and which the Manager or its agents on behalf of the Company are legally obliged to withhold.

- 4.3 Fractions of shares in the Receiving Sub-Fund may be issued where any part of the value of shares in the Merging Sub-Fund represents less than the initial issue price for one share of the relevant share class in the Receiving Sub-Fund, provided however, that fractions shall not be less than 0.001 of a share.
- 4.4 Since shares in the Receiving Sub-Fund will be issued to Shareholders in the Merging Sub-Fund at the net asset value per share (or initial offer price, as applicable) of the relevant share class in the Receiving Sub-Fund as set out in Clause 4.2 above, this may result in the number of shares held in the Receiving Sub-Fund being different to the number of shares held by Shareholders in the Merging Sub-Fund.
- 4.5 Following the Merger, dealings in shares of the Receiving Sub-Fund issued pursuant to the Merger shall commence on 29 June 2022 in accordance with the prospectus of the Company relating to the Receiving Sub-Fund.

## 5. Valuation

- 5.1 For the purposes of the Merger, the value of the Assets of the Merging Sub-Fund will be calculated as at the valuation point immediately prior to the Effective Time by the Administrator in accordance with the relevant provisions of the Memorandum and Articles of Association of the Company, which value will be validated by the Auditor. The Auditor will

validate the criteria used to evaluate the Assets and the Liabilities and the method used to determine the exchange ratio as well as the actual exchange ratio calculated on the Effective Time of the Merger.

5.2 The first valuation point of the Receiving Sub-Fund after the Merger will be on 28 June 2022.

## **6. Auditor Validation**

The Auditor will validate the following as at the Effective Time:

- (i) the criteria adopted for the valuation of the assets and liabilities as at the Effective Time; and
- (ii) the calculation method of the exchange ratio referred to in section 4.2 above as well as the actual exchange ratio determined at the Effective Time.

## **7. Ownership Confirmations**

Not later than 5 Business Days (in respect of the Receiving Sub-Fund) after the Effective Time, notifications confirming the ownership of and number of shares in the Receiving Sub-Fund issued pursuant to section 4 above will be sent by the Administrator to, or to the order of, the persons entitled thereto. Each notification shall be sent by post or facsimile and shall be addressed to the person entitled at his/her address appearing in the register relating to the Merging Sub-Fund at the Effective Time (or in the case of joint holders at the address of the person whose name stands first in the register of the Company).

## **8. Costs, Charges and Liabilities**

The expenses in relation to the Merger, including the costs of the Extraordinary General Meeting (and any adjournments), the costs associated with the transfer of the Assets and Liabilities of the Merging Sub-Fund to the Receiving Sub-Fund will be borne by the Manager of the Company.

## **9. Cancellation of Shares and cessation of existence of the Merging Sub-Fund**

Following the Merger, all of the shares of the Merging Sub-Fund will be cancelled and contract notes held by Shareholders will no longer be valid. Thereafter, the Merging Sub-Fund will cease to exist on entry into effect of the Merger.

## **10 Anti-Money Laundering Requirements**

The anti-money laundering requirements applicable to the Merging Sub-Fund are the same as those applicable to the Receiving Sub-Fund. Further anti-money laundering documentation from existing investors of the Merging Sub-Fund may be required if it has not been supplied in

full or is out of date or is otherwise deemed insufficient for anti-money laundering purposes under current anti-money laundering legislation or best practice by the Administrator.

## **11. Amendments**

In circumstances where it becomes necessary or advisable to do so, alterations in the terms and method of implementation of the Merger may be made in accordance with the requirements of the Central Bank provided that any such alterations are, in the opinion of the Directors and in consultation with the Auditors, as appropriate, of a non-material nature. Any amendments must be in accordance with the requirements of the Central Bank. Shareholders will be notified, as soon as possible, of any such amendment including any amendment to the proposed timetable.

The Merging Sub-Fund's currencies exposure will be actively managed, aiming to enhance the Merging Sub-Fund's performance, and it may gain varying levels of non-Euro currency exposure, depending on the Manager's market outlook on the basis of an analysis of the main macroeconomic indices, monetary policies and ratios of the major world economies with particular attention regarding growth, country risk profile, price, inflation dynamics and confidence indices.</p>	<p>The Receiving Sub-Fund may also have a negative duration. To achieve a positive return in any type of market condition, interest rate risk is actively managed by increasing or decreasing interest rate sensitivity (duration). The underlying of credit default swaps may be any of the bonds referenced in the Investment Objectives and Policies section above and any basket of these securities. When the underlying is a basket of securities, the counterparty does not assume any discretion over the composition or management of such a basket, and no approval of the counterparty is required in relation to any investment transaction.

Information on the OTC counterparties to OTC contracts entered into by the Merging Sub-Fund and the underlying of these OTC Contracts is described in more detail in the main body of the Prospectus in the section entitled "Financial Derivative Instruments" and "Collateral Management and Counterparty Selection Process". OTC counterparties with the Merging Sub-Fund will be selected in accordance with the limits and conditions laid down by the Central Bank and will be credit institutions within any of the categories set out in Regulation 7 of the CBI UCITS Regulation, regulated financial institutions and investment firms authorised in accordance with MiFID.

The Merging Sub-Fund may sell futures, sell call options, or buy put options on interest rates and/or bonds in order to seek to protect the Fund against interest rate increases. Taking these actions, the Merging Sub-Fund may reduce the duration of the Merging Sub-Fund's bond portfolio. Interest rate risk is concerned with a fall in the value of a bond or portfolio of bonds due to an increase in interest rates. As interest rates rise, bond prices fall and vice versa. The longer the duration of a bond portfolio, the greater the interest rate risk. Selling futures and/or call options on interest

bonds in order to seek to protect the Receiving Sub-Fund against interest rate increases. Options may be used to hedge or reduce the overall interest rate risk of the Receiving Sub-Fund's investments.

The Receiving Sub-Fund may buy futures or buy call options on interest rates and/or bonds in order to gain additional exposure to interest rates. This strategy can also be used in order to seek to protect the Receiving Sub-Fund against a financial crisis which could negatively affect corporate bonds prices but positively affect government bonds prices. In general, futures and options may also be used in order to enhance performance.

The Receiving Sub-Fund may also engage in Financial Derivative Instruments transactions in order to partially / totally hedge the exposure of an existing Financial Derivative Instrument position held in the portfolio. This will apply also where the Receiving Sub-Fund sells put options on interest rates and/or bonds in order to reduce the risk and/or the cost of an existing put option with the same expiration date held in the portfolio or where the Receiving Sub-Fund sells call options on interest rates and/or bonds in order to reduce the risk and/or the cost of an existing call option with the same expiration date held in the portfolio.

Forward currency contracts and/or options may be used to hedge the currency exposures of the Receiving Sub-Fund such as instruments denominated in a currency other than Euro. The Receiving Sub-Fund may also use forward foreign exchange contracts and/or options to hedge or reduce the Receiving Sub-Fund's overall exchange rate risk and/or to alter the currency characteristics of instruments held by the Receiving Sub-Fund where the Manager considers it appropriate to retain the credit quality of a particular instrument but wishes to obtain a currency exposure consistent with the

<p>rates and well as buying put options on interest rates has the effect of reducing the duration of a bond's portfolio. Taking these actions, the Fund may increase the duration of the Merging Sub-Fund's bond portfolio. Buying futures and/or call options on interest rates as well as selling put options on interest rates has the effect of increasing the overall duration of a bond's portfolio. A call option gives the holder the right to benefit from a rise in interest rates. Similarly, buying futures contracts on interest rates has the effect of increasing the duration of a bond portfolio. The value of a futures contract on interest rates increases as interest rates fall, in the same way as the value of a bond rises as interest rates fall. The Merging Sub-Fund may engage in an interest rate swap transaction with the same purpose. This strategy can also be used in order to seek to protect the Fund against a financial crisis which could negatively affect corporate bond prices but positively affect government bond prices.</p> <p>The Merging Sub-Fund may also use interest rate swaps in order to hedge fixed interest rates into floating rates, or to manage the Merging Sub-Fund's interest rate exposures to certain instruments and/or to obtain or preserve a desired return or spread at a lower cost than by direct investment. Investments listed or traded on a Recognised Exchange, but acquired or traded at a premium or at a discount outside or off the relevant exchange or market may be valued taking into account the level of premium or discount at the Valuation Point provided that the Depository shall be satisfied that the adoption of such a procedure is justifiable in the context of establishing the probable realisation value of the investment.</p> <p>(b) The value of any investment which is not quoted, listed or dealt in on a Recognised Exchange or which is so quoted, listed or dealt in but for which no such quotation or value is available or the available quotation or value is not representative of the fair market value shall be either (i) the probable realisation value as estimated with care and good faith by a competent person, firm or corporation (including the Manager) appointed by the Directors and approved for the purpose by the Depository or (ii) the value as determined by any other means provided that such value is approved by the Depository. subject to the valuation provisions detailed in Article 11 of Regulation (EU) No 648/2012 on OTC derivatives, central counterparties and trade repositories (EMIR) and the related Commission Delegated Regulation (EU) No 149/2013. Derivative contracts which are not traded on a regulated market and which are not cleared by a clearing counterparty may be valued on the basis of the mark to market value of the derivative contract or if market conditions prevent marking to market, reliable and prudent marking to model may be used, and may be valued either using the counterparty valuation or an alternative valuation such as a valuation calculated by the Manager or by an independent pricing vendor. Derivative contracts which are not traded on a regulated market and which are cleared by a clearing counterparty (including, without limitation, swap contracts) may be valued either using the counterparty valuation or an alternative valuation such as a valuation calculated by the Manager or by an independent pricing vendor. The Company must value an OTC Derivative on a daily basis. Where the Company values an OTC Derivative using an alternative valuation, the Company will follow international best practice and adhere to the principles on valuation of OTC instruments established by bodies such as IOSCO and AIMA. The alternative valuation is that provided by a competent person appointed by the Company and approved for the purpose by the Depository, or a valuation by any other means provided that the alternative method of valuation is approved by the Depository and the alternative must be fully reconciled to the counterparty valuation on a monthly basis. Where significant

	<p>differences arise these will be promptly investigated and explained. Where the Company values an OTC Derivative which is cleared by a clearing counterparty, using the clearing counterparty valuation, or where the Company values an uncleared OTC Derivative using the counterparty valuation, these valuations must be approved or verified by a party who is approved for the purpose by the Depository and who is independent of the counterparty and the independent verification must be carried out at least weekly. Where the independent party is related to the OTC counterparty and the risk exposure to the counterparty may be reduced through the provision of collateral, the position must also be subject to verification by an unrelated party to the counterparty on a six month basis.</p> <p>Alternatively, derivative instruments which are not dealt in or traded on an exchange or market may be valued using an alternative valuation as provided by a competent person appointed by the Directors and approved for the purposes by the Depository.</p> <p>(f) Forward foreign exchange contracts shall be valued at 4.00pm (Greenwich Mean Time) on the Business Day preceding the relevant Dealing Day or, if considered more appropriate, shall be valued in the same manner as derivatives contracts which are not traded in a regulated market.</p> <p>(g) Subject to paragraph (a) above units in collective investment</p>

<p><b>Performance Fee</b></p>	<p><b>Note:</b> The Incentive Fee will continue to be calculated in line with the Supplement until the Effective Time. The Merger will represent a crystallisation event – with any Incentive Fee being accrued at the time of the merger crystallising.</p> <p><b>Note:</b> Following the Merger, Shareholders of the Merging Sub-Fund that enter a share class of the Receiving Sub-Fund will have their investment treated as a subscription and they will factor into the Incentive Fee calculation of that share class. No consideration for the prior performance of the Merging Sub-Fund would</p>	

		be applied in this instance.
<p>Incentive Fee</p> <p>In addition to the annual investment management fee, the Manager will be paid annually from the Merging Sub-Fund an incentive fee accrued as of each Valuation Point and payable in arrears as of each Calculation Day in respect of the relevant Calculation Period. Consequently the crystallisation frequency at which any accrued incentive fee becomes payable to the Manager is annually. The incentive fee described below may be altered by agreement in writing between the Manager and the Company provided that any such alterations will be notified in advance to Shareholders and any such alterations resulting in an increase in incentive fee will require the prior approval of Shareholders.</p> <p>The incentive fee is calculated by the Administrator and any calculations are verified by the Depositary and is not open to the possibility of manipulation.</p> <p>For the purpose of calculating the incentive fee in respect of a Class, the NAV per Share of that Class will be calculated after deducting all relevant fees and expenses incurred during such Calculation Period including any accrued incentive fees in respect of that Class.</p> <p>The incentive fee per Share of a Class will be calculated at a rate of 15% of the increase in the NAV per Share of that Class over the last High Water Mark in respect of that Class, subject to the Incentive Fee Cap. No</p>	<p>Incentive Fee</p> <p><i>Identical</i></p>	

	<p>incentive fee will be accrued as of a Valuation Point, or payable as of a Calculation Date, until the NAV per Share of that Class exceeds the High Water Mark in respect of that Class.</p> <p>Any incentive fee payable to the Manager in respect of a Class as of the last Calculation Day of a Calculation Period will be credited to the Manager as of that Calculation Day and paid within 60 Business Days of the end of Calculation Period.</p> <p>The incentive fee accrued (if any) will be an amount equal to the incentive fee payable per Share (as detailed above) multiplied by the number of Shares in issue as of the Valuation Point.</p> <p>The amount of incentive fee earned by the Manager in respect of any Calculation Period will be paid to and retained by the Manager regardless of the subsequent performance of the Merging Sub-Fund. If the determination of the Net Asset Value per Share is suspended on any Dealing Day the calculation of the incentive fees on that date will be based upon the next available determination of the Net Asset Value per Share and the amount of any incentive fees accrued will be adjusted accordingly.</p> <p>If there are redemptions of Shares on a Dealing Day within a Calculation Period, such redemptions will be paid at the NAV per Share (less any applicable duties and charges) which shall include any accrued incentive fee which shall crystallise as of the relevant Dealing Day. The Manager shall be entitled to receive the incentive fee accrued in relation to such redeemed shares which will be paid to the Manager following the</p>

	<p>redemption of the Shares.</p> <p>As the NAV per Share is likely to differ between Share classes, the amount of the incentive fee payable in respect of each Share class may also differ.</p> <p>Incentive Fees (if any) are calculated based upon the increase in the Net Asset Value per Share, the calculation of which includes net realised and unrealised capital gains plus net realised and unrealised capital losses as at the relevant Valuation Point. As a result, incentive fees may be paid on unrealised gains which may subsequently never be realised.</p> <p><b><u>Incentive Fee – Example</u></b></p> <p>This example deals with accrual and payment of the incentive fee for the Merging Sub-Fund under different performance scenarios.</p> <p>The NAV per Share at Calculation Day T-1 is equal to €5.00, corresponding to the High Water Mark of the Fund.</p> <p>The following assumptions at subsequent Valuation Points are made:</p> <ol style="list-style-type: none"> <li>1. NAV per Share as of the 1<sup>st</sup> Valuation Point of the subsequent Calculation Period T0 is equal to €5.00. Since it does not exceed the High Water Mark, an incentive fee is not accrued.</li> <li>2. NAV per Share as of Valuation Point T1 increases to €5.06. Since</li> </ol>	
--	--	--

	<p>it exceeds the High Water Mark, an incentive fee is accrued, equal to the positive difference between the NAV per Share and the High Water Mark (€5.06 - €5.00) multiplied by the incentive fee rate (10%)<sup>1</sup> multiplied by the current number of shares in issue for the Share Class (10,000,000). Incentive fee accrual at Valuation Point T1: ((€5.06 - €5.00) x 10%) x 10,000,000 Shares = €60,000. €5.06 becomes the High Water Mark of the Fund.</p> <p>3. NAV per Share as of Valuation Point T2 increases to €5.10. Since it exceeds the High Water Mark an incentive fee is accrued. Incentive fee accrual at Valuation Point T2: ((€5.10 - €5.06) x 10%) x 10,000,000 Shares = €40,000. €5.10 becomes the High Water Mark of the Fund.</p> <p>4. Then, two different scenarios are assumed on the subsequent Calculation Day T3:</p> <p>a. Positive Performance Scenario: NAV per Share as of Calculation Day T3 decreases to €5.07. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case the incentive fee accrued at Valuation Point T1 (€60,000) plus the incentive fee accrued at Valuation Point T2 (€40,000). Total incentive fee payable at Calculation Day T3 is equal to €100,000. The performance during the Calculation</p>

Period is positive:  $((€5.07 - €5.00) / €5.00) \times 100 = 1.40\%$ .

- b. Negative Performance Scenario: NAV per Share as of Calculation Day T3 decreases to €4.95. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case €100,000, the same as at point a). The performance during the Calculation Period is negative:  $((€4.95 - €5.00) / €5.00) \times 100 = -1.00\%$ .
