Proposed Merger of the Merging Sub-Fund into the Receiving Sub-Fund

Dear Shareholder,

We are writing to advise you of a proposal to merge the Merging Sub-Fund into the Receiving Sub-Fund (the “**Merger**”). The Merging Sub-Fund and the Receiving Sub-Fund are sub-funds of ANIMA Funds plc (the “**Company**”).

The Company is an open-ended umbrella investment company with variable capital and segregated liability between sub-funds incorporated with limited liability in Ireland under the Companies Act 2014 with registration number 308009 and established as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. Number 352 of 2011), as amended (the “**UCITS Regulations**”).

The Company has appointed ANIMA SGR S.p.A as management company of the Company (the “**Manager of the Company**”). The Manager of the Company is regulated as a funds management company by Bank of Italy.

Details of the procedure by which the Merger of the Merging Sub-Fund will be effected, the action you should take and the implications for you as a shareholder of the Merging Sub-Fund (a “**Shareholder**”, collectively the “**Shareholders**”), are set out in this Circular and the Appendices attached hereto.

I. The Proposal

It is proposed that the Merging Sub-Fund be merged into the Receiving Sub-Fund in accordance with Irish Laws which implement the Directive 2009/65/EC of the European Parliament and of the Council, as amended (the “**UCITS Directive**”) and Commission Directive 2010/42/EU.

Such Merger will result in the Assets and Liabilities (as defined in **Appendix A**) of the Merging Sub-Fund becoming the property of the Receiving Sub-Fund in exchange for the issue of shares in the Receiving Sub-Fund to the Shareholders.

Details of the Merger in respect of the Merging Sub-Fund are set out in **Appendix A**.

A table highlighting the key differences between the terms and procedures of the Merging Sub-Fund and the Receiving Sub-Fund as well as the differences between the fees charged to the Shareholders and shareholders of the Receiving Sub-Fund is included at **Appendix B**.

An extraordinary general meeting of the Merging Sub-Fund has been convened for 10:30AM (Irish time) on 28 June 2021 for the purpose of considering and voting on the Merger of the Merging Sub-Fund (the “**Extraordinary General Meeting**”).

A notice of the Extraordinary General Meeting, at which the necessary resolution will be put to Shareholders, and a form of proxy are attached at **Appendix C**.

II. Background and Rationale

The Directors of the Company, in conjunction with the Manager of the Company, have initiated the Merger proposal. The objective of the Merger is to streamline the Company’s range of bond strategies on offer, thus resulting in the offering of the Receiving Sub-Fund, which will have the same synthetic risk and reward indicator as the Merging Sub-Fund (ie. 4), as well as providing a more dynamic management approach especially on the rate curves (via a long-short strategy) in order to also take advantage of any positioning opportunities.

None of the costs of the Merger will be borne by the Merging Sub-Fund or the Receiving Sub-Fund in accordance with Regulation 64 of the Irish UCITS Regulations. Please refer to Section 8 entitled “Costs, Charges and Liabilities” of Appendix A to this Circular for further information.

Given the above, the Directors of the Company (the “**Directors**”) are recommending to Shareholders that they vote in favour of the Merger at the Extraordinary General Meeting.

III. Important Considerations – Impact of the Merger on Shareholders

You should be aware of a number of important issues:

- (i) The Receiving Sub-Fund will be registered for public sale in Italy, Switzerland, Germany and Spain prior to the Effective Time (as defined below in section VII).
- (ii) If the Merger is approved, Shareholders of each launched and existing share class of the Merging Sub-Fund will receive shares of the Receiving Sub-Fund as follows:

MERGING SUB-FUND		RECEIVING SUB-FUND
Silver Class ISIN: IE00B5SZ0671	will merge into	Class R ISIN: IE00BNXH7H43
Class I ISIN: IE00B5WJ7209	will merge into	Class I ISIN: IE00BNXH7J66
Class I Dis ISIN: IE00BWTNM636	will merge into	Class I Dis ISIN: IE00BNXH7K71
Prestige Class	will merge into	Class R

ISIN: IE00B5L8N534		ISIN: IE00BNXH7H43
Class Classic A ISIN: IE00B7FN3H04	will merge into	Class Classic A ISIN: IE00BNXH7L88
Class Classic B ISIN: IE00B7FN3G96	will merge into	Class Classic B ISIN: IE00BNXH7M95

- (iii) Shareholders should be aware that no shares have yet been issued in the Receiving Sub-Fund. The Merger will be the first investment in the Receiving Sub-Fund.
- (iv) The risk measurement methodology used to calculate global exposure in the Receiving Sub-Fund will be the commitment approach, which is the same methodology used by the Merging Sub-Fund.
- (v) A full comparison of the fees applicable to the relevant share classes in the Merging Sub-Fund and the relevant share classes in the Receiving Sub-Fund is set out in Appendix B of this Circular.
- (vi) The Receiving Sub-Fund has no assets and the initial net asset value of the Receiving Sub-Fund will be calculated as a result of the Merger.
- (vii) The investment objective and policies of the Merging Sub-Fund and the Receiving Sub-Fund are set out in full in Appendix B. The investment objective and investment policies are sufficiently similar such that the Investment Manager of the Merging Sub-Fund does not consider it necessary to materially rebalance or change the composition of the Merging Sub-Fund's portfolio of assets to conform to the Receiving Sub-Fund's investment policies.
- (viii) The Merger is not expected to impact the performance experienced by Shareholders, rather it is anticipated that the Merger will have a positive effect for the reasons outlined above. The Receiving Sub-Fund will ultimately be managed on a discretionary basis by the same portfolio management team as that of the Merging Sub-Fund.
- (ix) Any income accrued on securities as at the Effective Time (as defined below in section VII) will be reflected in the valuation of the relevant security as at the Effective Time and will transfer automatically to the Receiving Sub-Fund as part of the transfer of the relevant security, to be held by State Street Custodial Services (Ireland) Limited, the depository of the Company (the "**Depository**"), on behalf of the Receiving Sub-Fund.
- (x) As at the date of this Circular, the share classes of the Merging Sub-Fund involved in the Merger and the share classes of the Receiving Sub-Fund involved in the Merger have the same synthetic risk and reward indicator of 4.

- (xi) The risks of the Merging Sub-Fund and the Receiving Sub-Fund, as set out in their Key Investor Information Documents, are described in Appendix B of this Circular.
- (xii) The voting rights of the shareholders of the Merging Sub-Fund and Receiving Sub-Fund are similar in all material respects. You should review the constitutional document of the Company for further details in respect of your voting rights.

As set out above, a table highlighting the key differences between the terms and procedures of the Merging Sub-Fund and the Receiving Sub-Fund (including the difference in rights of shareholders of the Merging Sub-Fund and shareholders of the Receiving Sub-Fund) is included in Appendix B of this Circular, and a table highlighting the differences between the fees charged to the Shareholders and shareholders of the Receiving Sub-Fund is included in Appendix B.

IV. Conditions applying to the Merger

The Merger is conditional upon its approval by way of a Special Resolution of the Shareholders, which requires that the resolution be passed by a majority of Shareholders consisting of seventy five per cent (75%) or more of the total number of votes cast present in person or by proxy, who cast votes at the Extraordinary General Meeting.

V. Taxation Implications of the Merger

You should be aware that the Merger may constitute a taxable event for you depending on your jurisdiction, and that your tax treatment may be changed following the implementation of the Merger, potentially resulting in, for example, the payment of capital gains tax. Accordingly, you are advised to consult your professional advisors as to the tax implications of the Merger under the laws of the countries of your nationality, residence, domicile or incorporation.

VI. Right of Redemption

If you decide that you do not wish to invest in the Receiving Sub-Fund, irrespective of whether or not you voted for or against the Merger, prior to the Merger you will have the opportunity to redeem your shares in the Merging Sub-Fund at no extra cost (other than payment of normal local taxation (if any), Contingent Deferred Sales Charge and transaction charges as may be levied by the relevant Correspondent Bank) on any Dealing Day for the Merging Sub-Fund (as defined in **Appendix B**) up to and including the last Dealing Day for the Merging Sub-Fund, being 5 July 2021 (the “**Last Dealing Day**”). For each Dealing Day (including the Last Dealing Day), the Dealing Deadline is 13:00 (Irish time) on the Business Day preceding the relevant Dealing Day.

If the Merger is approved in respect of the Merging Sub-Fund, all Shareholders (including those Shareholders who voted against the proposal or who did not vote at all) who do not exercise their

redemption rights set out herein, shall become shareholders of the Receiving Sub-Fund and shall be able to exercise their rights as shareholders of the Receiving Sub-Fund with effect from 13 July 2021.

VII. Effective Time/Date of the Merger

The effective time of the Merger is 23:59PM (Irish time) on 12 July 2021 or such later time and date as the Directors and the Depositary shall agree as being the effective time of the Merger and as shall be notified to Shareholders (the “**Effective Time**”).

Shareholders may continue to deal in shares in the Merging Sub-Fund until and including the Last Dealing Day.

**APPENDIX A
MERGER
OF THE MERGING SUB-FUND**

1. Governing Law

The Merger will in all respects be governed exclusively by and construed in accordance with the laws of Ireland.

2. Transfer of Assets and Liabilities of the Merging Sub-Fund (the “Assets and the “Liabilities”)

2.1 The proposed Merger will involve the delivery and/or transfer of the Assets and Liabilities, equal to the net asset value of the Merging Sub-Fund to the Depositary in its capacity as depositary of the Receiving Sub-Fund in exchange for the issue of shares in the Receiving Sub-Fund to Shareholders in the Merging Sub-Fund on the Effective Time.

2.2 Any income of the Merging Sub-Fund accrued but not yet paid out by the Merging Sub-Fund as at the Effective Time will form part of the Assets transferred to the Depositary in its capacity as depositary of the Receiving Sub-Fund and will be treated as income of the Receiving Sub-Fund.

2.3 Any taxes and duties directly related to the Merger, including transfer taxes and stamp duty, payable on the transfer of the Assets and/or Liabilities, as a result of the implementation of the Merger, will be paid by the Manager of the Company.

3. Last Dealing Day for Shares in the Merging Sub-Fund

In order to allow the Administrator to accurately calculate the value of the Assets of the Merging Sub-Fund to be transferred into the Receiving Sub-Fund at the Effective Time, the Directors have determined that the 5 Business Days immediately prior to the Effective Time will not be Dealing Days (as defined in the Company’s prospectus) in respect of the Merging Sub-Fund and that no dealing in the shares of the Merging Sub-Fund will take place on those days. Accordingly, the last Dealing Day for shares in the Merging Sub-Fund shall be 5 July 2021.

4. Issue of Shares and Dealings in the Receiving Sub-Fund

4.1 At the Effective Time, Shareholders holding Silver Class shares and/or fractions of Silver Class shares will receive Class R shares of the Receiving Sub-Fund, Shareholders holding Class I shares and/or fractions Class I shares will receive Class I shares of the Receiving Sub-Fund, Shareholders holding Class I Dis shares and/or fractions of Class I Dis shares will receive Class I Dis shares of the Receiving Sub-Fund, Shareholders holding Prestige Class

shares and/or fractions of Prestige Class shares will receive Class R shares of the Receiving Sub-Fund, Shareholders holding Class Classic A shares and/or fractions of Class Classic A shares will receive Class Classic A shares of the Receiving Sub-Fund and Shareholders holding Class Classic B shares and/or fractions of Class Classic B shares will receive Class Classic B shares of the Receiving Sub-Fund. Subject to and in accordance with Clause 4.2 below, Shareholders will receive Shares in the Receiving Sub-Fund equal in value to their shares in the Merging Sub-Fund immediately prior to the Effective Time.

- 4.2 The number of shares in the Receiving Sub-Fund to be issued to Shareholders in the Merging Sub-Fund shall be determined by the Administrator in accordance with the following formula:

$$S = \frac{(R \times NAV \times ER) \times (1-T)}{SP}$$

where:-

- S = the number of shares in the Receiving Sub-Fund that will be issued;
R = the number of shares held by the Shareholder in the Merging Sub-Fund immediately prior to the Effective Time;
NAV= the last net asset value per share of the relevant class in the Merging Sub-Fund as at the Valuation Point on the relevant Dealing Day prior to the Effective Time;
ER= the currency conversion factor (if any) as determined by the Administrator;
SP= the net asset value per share (or initial offer price, as applicable) of the relevant share class in the Receiving Sub-Fund, on the relevant dealing day;
T = any taxation which may be payable by persons beneficially entitled to shares in any jurisdiction and which the Manager or its agents on behalf of the Company are legally obliged to withhold.

- 4.4 Since shares in the Receiving Sub-Fund will be issued to Shareholders in the Merging Sub-Fund at the net asset value per share (or initial offer price, as applicable) of the relevant share class in the Receiving Sub-Fund as set out in Clause 4.2 above, this may result in the number of shares held in the Receiving Sub-Fund being different to the number of shares held by Shareholders in the Merging Sub-Fund.
- 4.5 Following the Merger, dealings in shares of the Receiving Sub-Fund issued pursuant to the Merger shall commence on 14 July 2021 in accordance with the prospectus of the Company relating to the Receiving Sub-Fund.

5. Valuation

- 5.1 For the purposes of the Merger, the value of the Assets of the Merging Sub-Fund will be calculated as at the valuation point immediately prior to the Effective Time by the Administrator in accordance with the relevant provisions of the Memorandum and Articles of Association of the Company, which value will be validated by the Auditor. The Auditor will validate the criteria used to evaluate the Assets and the Liabilities and the method used to determine the exchange ratio as well as the actual exchange ratio calculated on the Effective Time of the Merger.
- 5.2 The first valuation point of the Receiving Sub-Fund after the Merger will be on 13 July 2021.

6. Auditor Validation

The Auditor will validate the following as at the Effective Time:

- (ii) the calculation method of the exchange ratio referred to in section 4.2 above as well as the actual exchange ratio determined at the Effective Time.

8. Costs, Charges and Liabilities

The expenses in relation to the Merger, including the costs of the Extraordinary General Meeting (and any adjournments), the costs associated with the transfer of the Assets and Liabilities of the Merging Sub-Fund to the Receiving Sub-Fund will be borne by the Manager of the Company.

9. Cancellation of Shares and cessation of existence of the Merging Sub-Fund

Following the Merger, all of the shares of the Merging Sub-Fund will be cancelled and contract notes held by Shareholders will no longer be valid. Thereafter, the Merging Sub-Fund will cease to exist on entry into effect of the Merger.

10 Anti-Money Laundering Requirements

The anti-money laundering requirements applicable to the Merging Sub-Fund are the same as those applicable to the Receiving Sub-Fund. 11. Amendments

In circumstances where it becomes necessary or advisable to do so, alterations in the terms and method of implementation of the Merger may be made in accordance with the requirements of the Central Bank provided that any such alterations are, in the opinion of the Directors and in consultation with the Auditors, as appropriate, of a non-material nature. Any amendments must be in accordance with the requirements of the Central Bank. Shareholders will be notified, as soon as possible, of any such amendment including any amendment to the proposed timetable.

The Net Asset Value of the Merging Sub-Fund shall be determined by valuing the assets of the Merging Sub-Fund (including income accrued but not collected) and deducting the liabilities of the Merging Sub-Fund (including a provision for duties and charges, accrued expenses and fees and other liabilities). The Net Asset Value of a Class shall be determined by calculating that portion of the Net Asset Value of the Merging Sub-Fund attributable to the relevant Class subject to adjustment to take account of assets and/or liabilities attributable to the Class. The Net Asset Value of a Merging Sub-Fund will be expressed in the Base Currency of the Merging Sub-Fund, or in such other currency as the Directors may determine either generally or in relation to a particular Class or in a specific case.</p> <p>The Net Asset Value per Share shall be calculated by dividing the Net Asset Value of the Merging Sub-Fund or Class by the total number of Shares in issue in the Merging Sub-Fund or Class at the relevant Valuation Point rounded to four (4) decimal places 0.0001 (or rounded to such number of decimals places as otherwise disclosed in the Fund Information Card of the Merging Sub-Fund as determined by the Company).</p> <p>In determining the Net Asset Value of the Company and the Merging Sub-Fund:-</p> <p>(a) Investments which are quoted, listed or dealt in on a Recognised Exchange save as hereinafter provided at (d), (e), (f), (g) and (h)</p>	<p><i>Identical</i></p>

will be valued at last traded closing prices. Where an investment is listed or dealt in on more than one Recognised Exchange the relevant exchange or market shall be the principal stock exchange or market on which the Investment is listed or dealt on or the exchange or market which the Directors or their duly authorised delegate determine provides the fairest criteria in determining a value for the relevant investment. Investments listed or traded on a Recognised Exchange, but acquired or traded at a premium or at a discount outside or off the relevant exchange or market may be valued taking into account the level of premium or discount at the Valuation Point provided that the Depositary shall be satisfied that the adoption of such a procedure is justifiable in the context of establishing the probable realisation value of the investment.

- (b) The value of any investment which is not quoted, listed or dealt in on a Recognised Exchange or which is so quoted, listed or dealt but for which no such quotation or value is available or the available quotation or value is not representative of the fair market value shall be either (i) the probable realisation value as estimated with care and good faith by a competent person, firm or corporation (including the Manager) appointed by the Directors and approved for the purpose by the Depositary or (ii) the value as determined by any other means provided that such value is approved by the Depositary. Where reliable market quotations are not available for fixed income securities the value of such securities may be determined using matrix methodology compiled by the Directors by reference to the valuation of other securities which are comparable in rating, yield, due date and other characteristics.

basis of the mark to market value of the derivative contract or if market conditions prevent marking to market, reliable and prudent marking to model may be used, and may be valued either using the counterparty valuation or an alternative valuation such as a valuation calculated by the Manager or by an independent pricing vendor. Derivative contracts which are not traded on a regulated market and which are cleared by a clearing counterparty (including, without limitation, swap contracts) may be valued either using the counterparty valuation or an alternative valuation such as a valuation calculated by the Manager or by an independent pricing vendor. The Company must value an OTC Derivative on a daily basis. Where the Company values an OTC Derivative using an alternative valuation, the Company will follow international best practice and adhere to the principles on valuation of OTC instruments established by bodies such as IOSCO and AIMA. The alternative valuation is that provided by a competent person appointed by the Company and approved for the purpose by the Depositary, or a valuation by any other means provided that the alternative method of valuation is approved by the Depositary and the alternative must be fully reconciled to the counterparty valuation on a monthly basis. Where significant differences arise these will be promptly investigated and explained. Where the Company values an OTC Derivative which is cleared by a clearing counterparty, using the clearing counterparty valuation, or where the Company values an uncleared OTC Derivative using the counterparty valuation, these valuations must be approved or verified by a party who is approved for the purpose by the Depositary and who is independent of the counterparty and the independent verification

must be carried out at least weekly. Where the independent party is related to the OTC counterparty and the risk exposure to the counterparty may be reduced through the provision of collateral, the position must also be subject to verification by an unrelated party to the counterparty on a six month basis.

Alternatively, derivative instruments which are not dealt in or traded on an exchange or market may be valued using an alternative valuation as provided by a competent person appointed by the Directors and approved for the purposes by the Depositary.

- (f) Forward foreign exchange contracts shall be valued at 4.00pm (Greenwich Mean Time) on the Business Day preceding the relevant Dealing Day or, if considered more appropriate, shall be valued in the same manner as derivatives contracts which are not traded in a regulated market.
- (g) Subject to paragraph (a) above units in collective investment schemes shall be valued at the latest available redemption price or net asset value of the units of the relevant collective investment scheme and if bid and offer price is available, at the latest bid price or if consistent with the valuation policy of the Merging Sub-Fund, at a mid or offer price.
- (h) The Directors may value any investment using the amortised cost method in accordance with the requirements of the Central Bank. The intention to use this method of valuing securities will be disclosed in the relevant sections of the Fund Information Card.

- (i) The Directors may, with the approval of the Depositary, adjust the value of any investment if having regard to its currency, marketability, applicable interest rates, anticipated rates of dividend, maturity, liquidity or any other relevant considerations, they consider that such adjustment is required to reflect the fair value thereof.
- (j) Any value expressed otherwise than in the Base Currency of the Merging Sub-Fund shall be converted into the Base Currency of the Merging Sub-Fund at the exchange rate (whether official or otherwise) which the Directors or the Administrator shall determine to be appropriate.
- (k) Notwithstanding the detailed valuation rules above, the valuation of a specific asset may be carried out under an alternative method of valuation if the Directors deem it necessary. The alternative method of valuation must be approved by the Depositary and the rationale/methodologies used should be clearly documented.

The Directors intend to apply to the Net Asset Value a sum representing a provision for Duties and Charges relating to the acquisition and disposal of investments of the Company.

Notwithstanding that subscription monies, redemption monies and dividend amounts will be held in the Umbrella Cash Account in the name of the Company and treated as assets of and attributable to the Merging Sub-Fund:-

- (a) any subscription monies received from an investor prior to the Dealing Day of the Merging Sub-Fund in respect of which an application for Shares has been, or is expected to be, received will not be taken into account as an asset of the Merging Sub-Fund for the purpose of determining the Net Asset Value of the Merging Sub-Fund until subsequent to the Valuation Point in respect of the Dealing Day as of which Shares of the Merging Sub-Fund are agreed to be issued to that investor;
- (b) any redemption monies payable to an investor subsequent to the Dealing Day of the Merging Sub-Fund as of which Shares of that investor were redeemed will not be taken into account as an asset of the Merging Sub-Fund for the purpose of determining the Net Asset Value of the Merging Sub-Fund; and
- (c) any dividend amount payable to a Shareholder will not be taken into account as an asset of the Merging Sub-Fund for the purpose of determining the Net Asset Value of the Merging Sub-Fund.

In the absence of negligence, fraud or wilful default, every decision taken by the Directors or any committee of the Directors, the Administrator or any duly authorised person on behalf of the Company in calculating the Net Asset Value of the Merging Sub-Fund or Class or the Net Asset Value per Share shall be final and binding on the Company and on present, past or future Shareholders.

Sub-Fund an annual investment management fee not exceeding 3% per annum of the Net Asset Value of the Merging Sub-Fund (plus VAT, if any) in respect of the investment management services carried out by the Manager (the “investment management fee”).

Within this maximum permitted limit the Manager’s fees may differ between funds and between Classes of the same fund. The current fees charged by the Manager for each class are specified in the relevant Class Information Cards or in the Fund Information Card. Certain Classes may incur no investment management fee. Fees payable to the Manager shall be accrued at each Valuation Point and shall be calculated and payable weekly in arrears or at such frequency as the parties may agree from time to time. The Management Agreement provides that a minimum annual fee of €100,000 (or such equivalent amount in other currencies), is payable by the Company to the Manager notwithstanding that it may be in excess of the percentage amount specified above. The Manager is responsible for its own out-of-pocket expenses incurred in the proper performance of its duties or exercise of its powers under the Management Agreement. The investment management fees or a portion thereof may be charged to capital. The Merging Sub-Fund may incur incentive fees and this will be outlined in the Supplement of the Merging Sub-Fund.

The Manager, in its entire discretion, may pay some or all of the fees received as commission, retrocession, reduction or rebate to some or all investors, financial intermediaries or distributors, based, inter alia, on the size, nature, timing or commitment of their investment.

crystallisation event – with any Incentive Fee being accrued at the time of the merger crystallising.

Incentive Fee

In addition to the annual investment management fee, the Manager will be paid annually from the Merging Sub-Fund an incentive fee accrued as of each Valuation Point and payable in arrears as of each Calculation Day in respect of the relevant Calculation Period. The incentive fee described below may be altered by agreement in writing between the Manager and the Company provided that any such alterations will be notified in advance to Shareholders and any such alterations resulting in an increase in incentive fee will require the prior approval of Shareholders. Class A Shares are not subject to an incentive fee.

The incentive fee will be calculated by the Administrator and any calculations will be verified by the Depositary. For the purpose of calculating the incentive fee, the Gross NAV per Share will be calculated after deducting any Investment Management fees payable by the Merging Sub-Fund. For avoidance of doubt, the incentive fee shall be calculated and paid after consideration of all other payments.

The incentive fee per Share will be payable at a rate of 15% of the increase in the Gross NAV per Share over the High Water Mark. No incentive fee is accrued or paid until the Gross NAV per Share exceeds the High Water Mark.

The incentive fee accrued (if any) will be an amount equal to the incentive

subscription and they will factor into the Incentive Fee calculation of that share class. No consideration for the prior performance of the Merging Sub-Fund would be applied in this instance.

Incentive Fee

In addition to the annual investment management fee, the Manager will be paid annually from the Receiving Sub-Fund an incentive fee accrued as of each Valuation Point and payable in arrears as of each Calculation Day in respect of the relevant Calculation Period. The incentive fee described below may be altered by agreement in writing between the Manager and the Company provided that any such alterations will be notified in advance to Shareholders and any such alterations resulting in an increase in incentive fee will require the prior approval of Shareholders.

The incentive fee will be calculated by the Administrator and any calculations will be verified by the Depositary. The calculation of the performance fee is not open to the possibility of manipulation.

For the purpose of calculating the incentive fee, the Gross NAV per Share will be calculated after deducting any Investment Management fees payable by the Receiving Sub-Fund. For avoidance of doubt, the incentive fee shall be calculated and paid after consideration of all other payments. Excess performance should be calculated net of all costs but could be calculated without deducting the performance fee itself, provided that in doing so it is in the Shareholder's best interest (i.e. it would result in the Shareholder paying less fees).

The incentive fee per Share will be payable at a rate of 15% of the increase in the Gross NAV per Share over the High Water Mark. No incentive fee is accrued or paid until the Gross NAV per Share exceeds the High Water Mark.

fee payable per Share multiplied by the number of Shares in issue as of the Valuation Point. The total incentive fee payable in respect of a Calculation Period will be the sum of the accruals made over the relevant Calculation Period.

The amount of incentive fee earned by the Manager in respect of any Calculation Period will be paid to and retained by the Manager regardless of the subsequent performance of the Merging Sub-Fund. If the determination of the Net Asset Value per Share is suspended on any Dealing Day the calculation of the incentive fees on that date will be based upon the next available determination of the Net Asset Value per Share and the amount of any incentive fees accrued will be adjusted accordingly.

If there are redemptions of Shares on a Dealing Day within a Calculation Period, such redemptions will be paid at the NAV per Share (less any applicable duties and charges) which shall include an accrual for the incentive fee. The Manager shall be entitled to receive the incentive fee accrued in relation to such redeemed shares which will be paid to the Manager following the redemption of the Shares.

As the NAV per Share is likely to differ between Share classes, the amount of the incentive fee payable in respect of each Share class may also differ.

Incentive Fees (if any) are calculated based upon the increase in the Net Asset Value per Share, the calculation of which includes net realised and unrealised capital gains plus net realised and unrealised capital losses as at the relevant Valuation Point. As a result, incentive fees may be paid on unrealised gains which may subsequently never be realised.

The incentive fee accrued (if any) will be an amount equal to the incentive fee payable per Share multiplied by the number of Shares in issue as of the Valuation Point. The total incentive fee payable in respect of a Calculation Period will be the sum of the accruals made over the relevant Calculation Period.

The amount of incentive fee earned by the Manager in respect of any Calculation Period will be paid to and retained by the Manager regardless of the subsequent performance of the Receiving Sub-Fund. If the determination of the Net Asset Value per Share is suspended on any Dealing Day the calculation of the incentive fees on that date will be based upon the next available determination of the Net Asset Value per Share and the amount of any incentive fees accrued will be adjusted accordingly.

If there are redemptions of Shares on a Dealing Day within a Calculation Period, such redemptions will be paid at the NAV per Share (less any applicable duties and charges) which shall include an accrual for the incentive fee. The Manager shall be entitled to receive the incentive fee accrued in relation to such redeemed shares which will be paid to the Manager following the redemption of the Shares.

As the NAV per Share is likely to differ between Share classes, the amount of the incentive fee payable in respect of each Share class may also differ.

An incentive fee may be paid in times of negative performance (for example, the Gross NAV per Share may exceed the High Water Mark during the Calculation

Incentive Fee – Example

This example deals with accrual and payment of the incentive fee for the Receiving Sub-Fund under different performance scenarios.

The Gross NAV per Share at Calculation Day T-1 is equal to €5.00, corresponding to the High Water Mark of the Receiving Sub-Fund.

The following assumptions at subsequent Valuation Points are made:

1. Gross NAV per Share as of the 1st Valuation Point of the subsequent Calculation Period T0 is equal to €5.00. Since it does not exceed the High Water Mark, an incentive fee is not accrued.
2. Gross NAV per Share as of Valuation Point T1 increases to €5.06. Since it exceeds the High Water Mark, an incentive fee is accrued, equal to the positive difference between the Gross NAV per Share and the High Water Mark (€5.06 - €5.00) multiplied by the incentive fee rate (15%) multiplied by the current number of shares in issue for the Share Class (10,000,000). Incentive fee accrual at Valuation Point T1: $((€5.06 - €5.00) \times 15\%) \times 10,000,000 \text{ Shares} = €90,000$. €5.06 becomes the High Water Mark of the Receiving Sub-Fund.
3. Gross NAV per Share as of Valuation Point T2 increases to €5.10. Since it exceeds the High Water Mark an incentive fee is accrued. Incentive fee accrual at Valuation Point T2: $((€5.10 - €5.06) \times$

Period, but, overall there could be a negative performance at the end of the same Calculation Period).

Incentive Fee – Example

This example deals with accrual and payment of the incentive fee for the Receiving Sub-Fund under different performance scenarios.

The Gross NAV per Share at Calculation Day T-1 is equal to €5.00, corresponding to the High Water Mark of the Receiving Sub-Fund.

The following assumptions at subsequent Valuation Points are made:

1. Gross NAV per Share as of the 1st Valuation Point of the subsequent Calculation Period T0 is equal to €5.00. Since it does not exceed the High Water Mark, an incentive fee is not accrued.
2. Gross NAV per Share as of Valuation Point T1 increases to €5.06. Since it exceeds the High Water Mark, an incentive fee is accrued, equal to the positive difference between the Gross NAV per Share and the High Water Mark (€5.06 - €5.00) multiplied by the incentive fee rate (15%) multiplied by the current number of shares in issue for the Share Class (10,000,000). Incentive fee accrual at Valuation Point T1: $((€5.06 - €5.00) \times 15\%) \times 10,000,000 \text{ Shares} = €90,000$. €5.06 becomes the High Water Mark of the Receiving Sub-Fund.
3. Gross NAV per Share as of Valuation Point T2 increases to €5.10. Since it exceeds the High Water Mark an incentive fee is accrued. Incentive fee accrual at Valuation Point T2: $((€5.10 - €5.06) \times 15\%) \times 10,000,000 \text{ Shares} = €60,000$. €5.10 becomes the High Water Mark of the Receiving Sub-Fund.

15%) x 10,000,000 Shares = €60,000. €5.10 becomes the High Water Mark of the Receiving Sub-Fund.

4. Then, two different scenarios are assumed on the subsequent Calculation Day T3:

a. Positive Performance Scenario: Gross NAV per Share as of Calculation Day T3 decreases to €5.07. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case the incentive fee accrued at Valuation Point T1 (€90,000) plus the incentive fee accrued at Valuation Point T2 (€60,000). Total incentive fee payable at Calculation Day T3 is equal to €150,000. The performance during the Calculation Period is positive: $((€5.07 - €5.00) / €5.00) \times 100 = 1.40\%$.

b. Negative Performance Scenario: Gross NAV per Share as of Calculation Day T3 decreases to €4.95. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case €150,000, the same as at point a). The performance during the Calculation Period is negative: $((€4.95 - €5.00) / €5.00) \times 100 = -1.00\%$.

4. Then, two different scenarios are assumed on the subsequent Calculation Day T3:

a. Positive Performance Scenario: Gross NAV per Share as of Calculation Day T3 decreases to €5.07. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case the incentive fee accrued at Valuation Point T1 (€90,000) plus the incentive fee accrued at Valuation Point T2 (€60,000). Total incentive fee payable at Calculation Day T3 is equal to €150,000. The performance during the Calculation Period is positive: $((€5.07 - €5.00) / €5.00) \times 100 = 1.40\%$.

b. Negative Performance Scenario: Gross NAV per Share as of Calculation Day T3 decreases to €4.95. Since it does not exceed the High Water Mark an incentive fee is not accrued. Incentive fee payable on the Calculation Day T3 is equal to the sum of the accruals made over the relevant Calculation Period: in this case €150,000, the same as at point a). The performance during the Calculation Period is negative: $((€4.95 - €5.00) / €5.00) \times 100 = -1.00\%$.

The Merging Sub-Fund may pay dividends to Class I Dis out of net investment income and realised and unrealised profits on the disposal of investments less realised and unrealised losses (including fees and expenses). In addition, the Merging Sub-Fund may pay dividends to Class I Dis out of net investment income and/or capital. The rationale for providing for the payment of dividends out of capital is to allow the Merging Sub-Fund the ability to provide a stable and consistent level of distribution to investors seeking income oriented investment solutions.

The Company is not obliged to communicate an expected dividend rate per share to Shareholders and prospective investors, and although it may choose to do so from time to time, investors should note that any such rate may vary with market conditions. There can be no guarantee that any rate will be achieved, and in the event that there is insufficient distributable income, gains or capital in the Merging Sub-Fund to meet a specific level, investors in the Merging Sub-Fund may receive no distribution or a lower level distribution.
