

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

**ANIMA Italian Bond (the “Fund”), a sub-fund of ANIMA Funds plc  
I Class Shares ISIN: IE00BZBXFS58 (the “Shares”). The Fund has appointed ANIMA SGR SpA, as its UCITS  
management company (the “Manager”), part of the ANIMA Holding S.p.A. group of companies.**

### Objectives and Investment Policy

**Investment Objective:** The objective of the Fund is to seek to provide an attractive rate of return.

The Fund is “actively managed” in reference to a benchmark, i.e. the Manager has discretion over the composition of its portfolio, subject to the stated investment objective and policy.

**Main categories of financial instruments that are the object of investment:** The Fund will invest primarily in Euro denominated fixed and floating rate Italian government bonds listed or traded on any Recognised Exchanges. All of the assets may be invested in fixed and/or floating rate and/or inflation linked Italian government bonds and notes, zero-coupon and discount bonds, as well as up to 30% in debentures issued or guaranteed by issuers of an OECD Member State other than Italy. Up to 30% of assets may be invested in money market instruments (including cash, treasury bills, commercial paper and/or certificates of deposit). The Fund may invest in excess of 30% of its assets in below investment grade bonds at the time of purchase or, if unrated, which are in the opinion of the Manager, of comparable quality. Up to 10% of net assets may be invested in Collective Investment Schemes which invest in money market instruments, and/or fixed and/or floating rate debt instruments.

The Fund may use Financial Derivative Instruments for (i) hedging, (ii) risk reduction and/or (iii) investment purposes. The Fund may use financial leverage to increase the amount invested in financial instruments to twice the value of the Fund's net asset value. This means that if there are changes in

the prices of the financial instruments the Fund could either gain or lose twice as much as it would gain or lose without using financial leverage.

**Redemption of Shares:** You can ask the Fund to buy back your Shares on any business day whether full or partial repayment of the Shares held is required. Please refer to the Prospectus for further dealing information.

**Benchmark:** 70% JP Morgan GBI Italy, 30% FTSE MTS Ex-Bank of Italy BOT. The Fund does not aim to replicate the composition of the benchmark. The Fund also invests in securities which are not included in the indices or present in different proportions.

**Degree of discretion with respect to the benchmark:** material.

**Income:** No dividend is payable on the Shares. Income earned by the Fund will be retained by the Fund and will be reflected in the value of your Shares.

**Recommendation:** This Fund is suitable for investors who are willing to set aside capital for up to 5 years.

### Risk reward and Profile

The historical data used to calculate the synthetic risk indicator cannot provide a reliable indication about the future risk profile of the Fund.

The fund has been classified in risk/reward class 3 because the annualized volatility of its weekly returns over the last five years (supplemented with the returns of its benchmark, before the launch of the fund) is equal to or greater than 2% and less than 5%.

The risk/reward category shown is not guaranteed to remain unchanged and the categorization of the Fund may shift over time. Please note, the lowest category on the indicator does not mean risk free.

**Risks that are materially relevant to the Fund and which are not adequately captured in the risk-reward indicator:**

**Credit Risk:** The risk that the issuer of a debt instrument may default, in whole or in part, on its obligation to repay the full capital amount invested and/or the interest thereon.
